311 Glasgow Ln, Unit V1,
Schaumburg, IL, 60194

Objective

To obtain a rewarding position that utilizes my skills as a programmer that will help further my career.

Experience

Technical Recruiter, TEKsystems Inc., Schaumburg, IL - January 24th, 2022 - July 1st 2022

Made hundreds of calls to potential consultants regarding various different kinds of technical IT related roles. Worked with various account managers to source candidates for roles. Studied what programming languages are used in the industry and where. Offered assistance in resume creation to consultants.

Outside Sales Executive, SUS America Inc., Elk Grove Village, IL — October 2020- October 2021

Managed half of the existing accounts for the company and created new accounts that included various auto-manufacturers, electronics manufacturers, medical manufacturers, and other tech companies. Used to making deals with large amounts of money, calculating shipping, assisting in inside sales work and logistics.

English Instructor, Berlitz Japan, Nagoya, Japan — 2019-2020

Taught a wide range of students, from children to adults, for a variety of purposes. Using the Berlitz Method, taught students in a realistic environment with no language other than the target language spoken.

Outside Sales Executive, Nippon Shokken USA, South San Francisco, CA — 2018-2019

Managed hundreds of current and potential customers in the sale of sauces, seasonings and marinades for accounts that included supermarkets, manufacturers and distributors. Increased the sales of current customers and opened several new accounts as well. Experienced in traveling long-distances to meet with potential customers.

Education

Northwestern University - Full Stack Coding Bootcamp, Oct. 2022 - April 2023

Learned from professional coders about HTML, CSS, JavaScript and more by attending virtual 3 hour classes 3 times a week, and doing over 20 hours of coding projects outside of class time.

California State University Monterey Bay — Japanese Language and Culture, 2018

Graduated with high distinction and earned entrance to the Japanese National Honor Society, College Chapter. Received an award for Capstone (Senior thesis and research project) graduation project.

Skills

Bilingual in English and Japanese. Strong, first-hand and academic understanding of Japanese culture. Vast experience in the customer service industry and working with customers. Technologically savvy and deep gaming experience. Broad experience with Microsoft Office, (primarily Word and PowerPoint). Also have a conversational level of Spanish.
